

CHARLOTTE CHURCH DRINKS

MUSIC: HOLDING OUT FOR A HERO (BONNIE TYLER)

CHARLOTTE CHURCH: (introductory Oohs in operatic warming-up-voice style)

Where's my Angelic voice gone?
My innocent abstain?
Drowned it out with Alcopops
And best Cristal Champagne
Isn't there another? Must catch last orders quick.
I'm just a normal teenage girl - I binge drink until I'm sick.

I need a Breezer
I'm holding out for a Breezer though the barman's called night
I want something strong
And I want something sweet,
And I want to get into a fight
Bacardi Breezer
I'm holding out for a Breezer 'cause I want to get tight
I've gotta get drunk
And I've gotta fall down
And God knows what the papers will write.

Used to be a good girl
I sang for the Pope and Queen
Now I smoke and binge on booze
I'm a typical British teen
Drinking all the weekend and thinking I'm so cool
At least unlike the others kids, no hangover at school!

I need a Breezer
I'm holding out for a Breezer - and a Embassy Light
I date dodgy guys
And I piss off my mum,
But I used to seem whiter than white

CHARLOTTE CHURCH DRINKS

Bacardi Breezer

I'm holding out for a Breezer – and do you have a light?

I want to chain smoke

And I'm gonna puke up

And get photographed looking a sight

I need a Breezer

I'm holding out for another, cos I think it's my right.

I want Smirnoff Ice, Vodka Mule then a Reef

Hooch, Metz, Double-U K D,

I'll drink Martini, Rum, Tequilla, G and T

Our nation's young girls binge-drink the best –

I'm proud to be a Brit.

My head spins, stomach churns. My god, I'm feeling shit.

I need a Breezer

I'm holding out for a Breezer - why are they all so bright?

I want one that's red

And I want one that's green,

And my spew will look like traffic lights

Bacardi Breezer

I'm holding out for a Breezer – getting tanked up tonight.

I've gotta get pissed

And I've gotta pass out

And fall over outside China White

I need a Breezer

I'm holding out for a Breezer and in hopes of a fight.

I'll kick up a fuss

And you'll call the police,

But they wont arrest me – I bite

(FADING) I need a Breezer

I'm holding out for a Breezer – though they all taste like shite.
